As a matter of additional information, it was reported to me that b [REDACTED] and confirmed by [REDACTED] that the Mayor on Feb. 23, 2015 (could have been 2/24/15. I will confirm the date) that in [REDACTED] office where [REDACTED] was present, was sprayed with Lysol by the Mayor [REDACTED] told me she was very upset about this behavior. As I understand it was unsolicited behavior. It left [REDACTED] very uncomfortable. I asked [REDACTED] what she did when this occurred and she told me that she asked the Mayor what he was doing. [REDACTED] and [REDACTED] both said that he paused and then as if he realized what he did said he was only joking. I was not present during this event and I am reporting only what was told to me. I have since reported it to [REDACTED] on March 6, 2015 and again to our city attorney Tom Kurrie on March 17. [REDACTED]
